International Business and Marketing student at the University of Nevada, Las Vegas, with leadership experience across entrepreneurship, AI, marketing, and international organizations. Founder of an AI-powered student startup project (RebelBot) and active participant in NSF I-Corps entrepreneurial training. Experienced in business development, digital marketing, cross-cultural communication, and event coordination. Fluent in Italian, Spanish, and English. Open to travel and relocation opportunities.

Education

Bachelor of Science in Business Administration

Double Major: International Business & Marketing

December 2026

University of Nevada, Las Vegas

NSF I-Corps Aspire Program – Desert & Pacific Region

May–June 2025

- Selected as an undergraduate participant to develop and test early-stage startup ideas. Conducted customer discovery interviews, applied lean startup methodology, and received mentorship from industry professionals to validate a business concept.

Sales Development Representative (SDR) Training Program

August 2025

StartUp Vegas

- Intensive training focused on outbound prospecting, lead qualification, and pipeline management.
- Practiced sales engagement techniques, including cold calling, email outreach, and LinkedIn networking.
- Applied role-play scenarios and case studies to strengthen negotiation and closing skills.

Leadership & Projects

Startup Founder – RebelBot

April 2025 – Present

- Founded and led the development of an AI-powered student engagement platform designed to improve access to campus resources, academic support, and student communication.
- Conducted extensive customer discovery interviews with students, advisors, and university stakeholders through NSF I-Corps entrepreneurial methodology.
- Leading product strategy, branding, user research, and business model development for early-stage pilot testing.
- Coordinating collaboration with mentors, developers, student organizations, and university professionals.
- Applying AI tools, market research, and user feedback analysis to refine product direction and improve user experience.
- Presented startup concepts and business ideas in entrepreneurial and networking environments.

President | International Business Association

Summer 2025 – May 2026

- Lead and coordinate all club operations, ensuring tasks are delegated and completed on time by executive board members.
- Plan and oversee professional development events, networking sessions, and guest speaker engagements for members.
- Foster collaboration between students and faculty to increase engagement in international business initiatives.

President | Artificial Intelligence in Business

Fall 2025 – May 2026

University of Nevada, Las Vegas

- Lead a student organization focused on exploring the applications of AI in business strategy, marketing, and operations.
- Organize guest lectures, workshops, and networking events with industry professionals in AI and emerging technologies.

- Coordinate collaboration with other student organizations to increase cross-disciplinary engagement. Guide members in learning and applying AI tools to real-world business scenarios and case studies.

President / Bhakti Yoga Club

Fall 2025 – Present

- Oversee all club operations, including strategy, budgeting, event planning, and marketing.
- Lead marketing and communications efforts to promote workshops, weekly meetings, and campus events.
- Plan and coordinate wellness workshops and cultural exchange activities, increasing student engagement.

Secretary / Lee Student Advisory Board (LSAB)

Fall 2025 – Present

- Document meeting minutes, track action items, and manage internal communications.
- Support governance projects, student initiatives, and faculty collaboration within the Lee Business School.

Work & Internship Experience

Marketing & Programs Intern

May 2026 - September 2026

World Affairs Council of Las Vegas

- Support programming for international delegations and cross-cultural events, including International Visitor Leadership Program (IVLP) delegations.
- Coordinate event logistics such as venue booking, catering, room setup, AV support, attendee coordination, and stakeholder communications.
- Create marketing materials and manage promotion across multiple social media platforms to increase program visibility and engagement.
- Draft correspondence, program materials, and mass email communications for board members, external partners, and event participants.
- Provide technology support during events and troubleshoot operational issues in fast-paced settings.

Marketing Lead

October 2025 – August 2026

Team Casas Mortgage

Las Vegas, NV

- Lead marketing strategy and execution for a real estate mortgage team.
- Create and manage social media content and promotional campaigns to support brand visibility and lead generation.
- Collaborate with leadership to align marketing initiatives with business goals and client outreach efforts.

Administrative & Operations Assistant

January 2023 - August 2025

Daive Tarsi

Las Vegas, Nevada

- Offered administrative support, including scheduling, research, and coordination of daily activities
- Manage communications and logistical arrangements with clients through Yelp and Google Calendar, accommodating boss's and customers' needs

Sales Associate

January 2019 - Present

DAN Valetudo

Valencia, Spain

- Sold merchandise at major events, including MMA and Brazilian Jiu-Jitsu competitions at 3 major events
- Addressed customers with product inquiries and transactions, anticipating individual needs, and analyzed wholesale buyer behavior, making + 5k in a weekend
- Managed inventory and sales reports during crowded events

Honors & Achievements

- Award recipient at the UNLV Research Symposium for presenting innovative student research and business concepts.
- Winner of the UNLV President's Innovation Challenge 2026 competition for entrepreneurial innovation and startup development.
